for Infants and Children.

Don't Poison Baby.

CORTY YEARS AGO almost every mother thought her child must have paregorie or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the sleep from which there is no waking. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody, without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stuper, coma, convul sions and death." The taste and smell of medicines containing opium are dis-guised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children w Pineapple soda and Hire's Root Beer pavement was let to the Gilman comtain narcotics.

EUROPEAN PLAN, FROM \$2.00 UP UNDER THE MANAGEMENT OF JAMES WOODS

The Simplex patented all-steel corner lock is so simple and plain in construction that it adds many times to the sanitary features over the old method of bed construction. The Simplex is an all-steel chillless bed, very simple in design and very substantial. It is to be had in all of the approved plain and combination color finishes. The castors are ball-bearing with pressed steel wheels. The all-steel corner lock, however, is our strong claim for your consideration, for it makes a stronger, better, lighter and more sanitary bed. It is such a strong

claim to superiority that we patented this device.
